#6890-3402  
Dec 2021 - 2026

The development of this industry average environmental product declaration (EPD) for **fabricated hot-rolled structural steel sections (unpainted) manufactured in Canada** was commissioned by the **Canadian Institute of Steel Construction (CISC)**. This Type III EPD was developed in compliance with CAN/CSA-ISO 14025.

This EPD includes life cycle assessment (LCA) results for raw material supply, transport and manufacturing (cradle-to-gate). The LCA was performed by Groupe AGÉCO.

CISC fabricators authorized to use this industry average EPD are listed here: <http://www.cisc-icca.ca/sustainability/EPD>.

For more information about CISC, please go to [www.cisc-icca.ca](http://www.cisc-icca.ca).

Issue date: December 13, 2021

Minor amendment: May 6 2022
